REQUEST FOR CHANGE IN MAILING DATE

Applicants request that the Final Office Action that was mailed in connection with the above-referenced case on January 8, 2007 be re-mailed, with a new mailing date that sets a new due date for replying to the Final Office Action. The Final Office Action was addressed to the correct address (that associated with customer number 21559; Clark & Elbing LLP, 101 Federal Street, Boston, MA 02110), but appears to have been returned to the Patent Office, as indicated by the OIPE date stamp of January 10, 2007, which appears on a copy of the Final Office Action in PAIR (a copy is enclosed). Also in PAIR is a copy of an envelope stamped by the USPTO mail center as received on January 10, 2007, which presumably contained the returned Final Office Action (a copy is enclosed). The address on the Final Office Action was correct, and mail has been received by Applicants' representatives from the Patent Office and others at that address on a regular basis from well before the original mailing date of the Final Office Action through to the present. Applicants became aware of the mailing of the Final Office Action during a routine

review of Patent Office records in PAIR. Applicants respectfully request notification as to the re-mailing of the Final Office Action as soon as possible. In addition, Applicants request notification of any additional requirements for obtaining the requested change in mailing date.

Although no charges are believed to be due, if there are any charges or any credits, please apply them to Deposit Account No. 03-2095.

Respectfully submitted,

Date: February 28, 2007
